

OMG

WHERE'S THE

AED

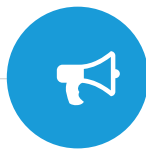

Sudden cardiac arrest isn't just an adult thing. It takes the lives of thousands of kids every year and is the #1 cause of death of student athletes. An AED (automated external defibrillator) is the only tool that stops cardiac arrest.

Is there an AED where your kids learn and play?
Start a CROWDFUNDING campaign on GotAED. It's easy!

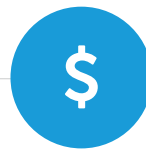

Start A Campaign

It takes a few minutes. Share your personal story.

Alert Your Network

Send email blast, post on social media, write a blog, create a flyer.

Reach Your Goal

Congrats! Your community just bought you an AED!

Check The Mail

We offer several AEDs. Yours will arrive in about two weeks.
